LOUISVILLE, Ky (June 25, 2010) - On Thursday, June 24 at 7 p.m., the film “Ending U.S.-Sponsored Torture Forever” was shown in Brescia Hall located on the Ursuline Campus. About 25 people attended the screening and took part in discussion groups following the film.

This was the second of two events co-sponsored by the Ursuline Sisters of Louisville in an effort to raise awareness about the true effects of torture and how each of us can help stop the practice. For more, see the below story.
